PROFESSIONAL PROFILE

Software Engineer focused on application development, with 3+ years of experience building and evolving production-grade enterprise systems. Experienced with **Angular** on the front end, **.NET (C#)** and **Java with Spring Boot** on the back end, **REST API** design and system integrations. Background in legacy modernization, database optimization, and deployments on **AWS** and **Linux**. Additional experience with Laravel, Node.js, and Next.js, applying **OOP**, **MVC architecture**, **Git**, and maintainable-code practices to deliver robust, scalable solutions.

PROFESSIONAL EXPERIENCE

Software Engineer (.NET) · Audisoft

June 2026 – Present

Bogotá D.C.

- Developed and maintained enterprise applications with **.NET (C#)** and **PHP**, delivering features and improvements to production modules.
- Designed and consumed **REST APIs** and third-party integrations with **secure authentication** and centralized error handling.
- Modeled data and optimized **PostgreSQL** queries to improve response times across high-usage modules.
- Refactored legacy code applying **OOP**, **MVC architecture**, separation of concerns, and version control with **Git**.
- Performed **code reviews**, **technical testing**, and incident resolution to ensure stable production releases.

Fullstack Software Engineer · Espacio RH LATAM

October 2022 – Present

Bogotá D.C.

- Developed and maintained an enterprise HR platform with **Angular** on the front end and back-end services in **Java** and **Spring Boot**, plus **Laravel** for existing modules.
- Designed and implemented **REST APIs** with **Spring Boot** to integrate payroll, absence, certification, and third-party services.
- Built **Angular** components, forms, and approval workflows using **TypeScript**, validation, and **API** consumption.
- Implemented critical modules: **Electronic Payroll** (DIAN compliance), **Absence Management**, and **Labor Certifications** with PDF generation and electronic signature.
- Deployed and administered services on **AWS EC2 (Linux)** with **MySQL** and **SQL Server**; managed **REST/SOAP** integrations and source control with **Git**.
- Provided technical support and integration for **Java**-based payroll software deployed on **Windows Server**.

Front-End / .NET Developer · Havas Colombia

December 2025 – May 2026

Bogotá D.C.

- Developed web solutions with **.NET (C#)** and **Umbraco CMS** for **Buchanan's**, creating templates, document types, and manageable components.
- Developed and maintained **co.thebar.com**, a multi-brand platform built with **Next.js (App Router)** and **TypeScript** for five international brands.
- Built **reusable**, **Pixel Perfect** components from **Figma** prototypes, ensuring visual fidelity and consistent brand implementation.
- Implemented brand-specific logic, age verification, regional personalization, **dynamic routes**, and integrations with **APIs** and **headless CMS** platforms.
- Optimized performance and **Core Web Vitals (LCP, CLS, and TBT)** across high-traffic landing pages.

- Collaborated with design and marketing teams to deliver campaigns and digital solutions aligned with **business goals**.

December 2024 – October 2025
Bogotá D.C.

Angular Development Engineer · **DataCRM**

- Migrated a legacy CRM from **PowerBuilder** to a modern architecture with **Angular** on the front end and **Node.js** back-end services.
- Developed CRM modules and business workflows using **Angular**, **Vue.js**, **Laravel**, and **Express.js**.
- Designed **RESTful endpoints** and secure **JWT** authentication to integrate interfaces and internal services.
- Integrated **WhatsApp Business API** (Baileys) and **RD Station**, automating commercial processes through queues on **AWS Lambda**.
- Refactored modules and optimized **MySQL** queries to improve **maintainability** and **performance**.

June 2021 – August 2022
Remote

Freelance Software Developer · **Dakiti Buzos & Camele Tienda**

- Developed e-commerce solutions with **Laravel**, **PHP**, and **jQuery**, including secure payment flows and interactive interfaces.
- Built a commercial website with **Next.js**, optimizing usability, performance, and **SEO**.

TECHNICAL SKILLS · EDUCATION

Frontend Angular · TypeScript · JavaScript · Next.js · React · Vue.js · HTML5/CSS3
Backend Java · Spring Boot · .NET (C#) · Laravel · PHP · Node.js · Express.js · REST/SOAP APIs · JWT
CMS Umbraco · WordPress · Headless CMS
Cloud & DevOps AWS EC2 · AWS Lambda · Docker · CI/CD · Git · Linux / Windows Server
Databases PostgreSQL · MySQL · SQL Server · MongoDB · NoSQL
Architecture & Tools OOP · MVC · System integration · Postman · JIRA

B.Sc. in Computer Engineering
Universidad Militar Nueva Granada
Graduate · Bogotá D.C. · 2019 – 2025

- CERTIFICATIONS**
- Master in React (Hooks, MERN, Node.js, JWT)
 - Master in PHP, Laravel, Symfony & WordPress
